

Snow or Ice Delays
Chauncey Davis King 5 Weathernet

Limited Bussing and Snow Routes Information

A limited schedule can be due to any act of nature that would prohibit the school busses from safely driving on their regular routes. During these times it is important to check the Seattle TV stations and local radio stations. We report any closures as soon as a decision is made, usually before 6:00 AM.

1. When we run two hours late there will be no zero hour band.
2. When we run two hours late there will be no AM Pre-School pick up, if the conditions stay bad PM Pre-School may be cancelled as well.
3. During limited conditions we will do all that we can to ensure good communications between school and parents.
4. Bay Center can be even later than two hours because of the distance and road conditions. The difference in weather can vary greatly between Nemah, Bay Center, South Bend, Raymond and Willapa Valley, as can road conditions.
5. The best place to track school closures are the Seattle TV stations but they can also be found on the South Bend school website at <http://www.king5.com/weather/severe-weather/closings?page=10>.

<u>ROUTE</u>	<u>SNOW START</u>	<u>2 HOUR DELAY START</u>	<u>INSTRUCTIONS</u>
