

Olivia Ella Nisbet

SCHOLARSHIP PACKET

2012

Dear Scholarship Committee,

I would first like to thank everyone in the committee for providing me the tremendous opportunity for available scholarships. I can guarantee you won't be disappointed in investing in my college education. Why do I say this? It's because I am a strong, independent, and hardworking person that strives to succeed in everything I do.

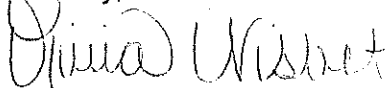

Olivia Ella Nisbet is my name and I am a lifelong resident of Pacific County. I am currently a senior at South Bend High School and has been with South Bend School system my entire life. I have been accepted to Washington State University and Eastern Washington University. I have proudly decided to go to Washington State University and looking forward to being there in the fall. I plan to pursue a degree in Architecture and Interior Design. I am currently job shadowing Architect Cheryl Green. I enjoy analyzing different themes. I am very family oriented, so being able to be part of creating a unique design and building families homes to fit their personality/lifestyle is the inspiration that brought me to the conclusion that I want to be an Architect.

I am the youngest daughter of Dave and Maureen Nisbet. I have three older sisters Kathleen, Rose and Nancy. My parents own a first generation business and we are oyster farmers. I live in Bay Center Washington. My parents are yet successful, but we have had our struggles over the years. They have put three kids through college and I am looking forward to following in my sister Rose's footsteps graduating from WSU. Before school starts I will be working for the farm to earn some money.

I was elected ASB Treasurer for the 2011-12 school year, which has allowed me to further my leadership skills through student government. I played all 4 years of varsity volleyball and basketball. I am part of World Class Scholars, National Honor Society, Pep Club, Key Club, Drama and DECA. The clubs and activities are my interested passion and involvement through my school. While being actively involved in both my school and my community, I have been able to keep a strong focus on my school work, maintaining a 3.86 G.P.A. Education is important to me and extra curricular activities are my passion of doing what I enjoy and leading others to follow.

I want to thank you for taking time and reading through my scholarship application. People who take their time out to review really makes a difference in students' lives who want to further their education. Thank you for your consideration towards my future.

Sincerely,

Olivia Nisbet

Sports:

Basketball (9, 10, 11, 12)

To Whom It May Concern;

It is an honor to recommend Olivia Nisbet for your award. In the two years that I have worked with Olivia, I have witnessed a number of outstanding qualities, including a superior work ethic, strong leadership abilities, and an uncompromising commitment to academic excellence.

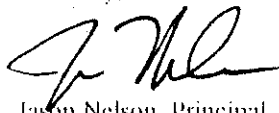

One quality that consistently sets Olivia apart from her peers is her work ethic. She is exceptionally organized, hard working, and meticulous. Olivia works in the High School Office an hour a day as ASB Treasurer. She handles all of the ASB accounting, which is no easy task, especially during certain times of year. Olivia always finishes her tasks on time and to a very high standard. Olivia's level of professionalism is so high that it is often easy to forget she is still a student. She has played a major role in the success and fiscal growth of the ASB this year.

Another characteristic that distinguishes Olivia from many of her classmates is her leadership. Olivia is a leader on the athletic court, in the classroom, on the ASB Council, and amongst her friends. People look to Olivia because of her strength, maturity, and intelligence. She sets a positive example for her peers and younger students alike. This year alone, Olivia led the way in organizing a clothing drive and helping to plan a silent auction for a junior high student battling cancer. These are merely two examples of how Olivia's leadership has made a difference in the South Bend community.

In addition to having unmatched work ethic and leadership abilities, Olivia is also an excellent student. She maintains a 3.86 g.p.a. while taking the most difficult classes South Bend has to offer. Olivia has also undertaken an internship this year with a local architect, making her schedule more challenging than that of most high school students. Olivia's work ethic and intelligence combine to make her very competitive in the classroom, and she will undoubtedly continue to shine during her time in college and beyond.

Olivia Nisbet is an excellent student who has shown success in every aspect of her educational career. Olivia is proof that there are still young people willing to work hard, make a difference in their community, and prepare themselves for life after high school. If you have any questions regarding this letter or anything else about Olivia Nisbet, do not hesitate to contact me at 360-875-5707.

Sincerely,

Jason Nelson, Principal
South Bend Junior/Senior High School

To Whom It May Concern:

It is with great pleasure that I recommend Olivia Nisbet for your scholarship.

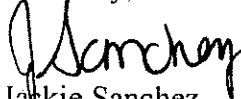

I have worked closely with Olivia for the last six years. I am the head varsity volleyball coach, and Olivia has played for me all four years of high school. Olivia has always shown great work ethic in volleyball. She consistently gave 100% in practice and in games all four years. She is the type of person who makes my job as a coach easy. She improved dramatically each year through the program. She was always committed to the off-season activities. She set the standard in practice and games by always staying competitive, always giving best effort, always being the one the kids looked towards to lead them. She did this by always being the type of leader that leads by her actions, not just her words. She was our Team Captain this season and was voted on the Pacific League First Team.

Olivia displays her work ethic in everything that she does. She is always willing to volunteer her time for things like the Kiwanas Key Club. She has been involved in many other sports and activities such as basketball, DECA club, Drama Club, Pep Club, World Class Scholars, Star Night, and the National Honor Society. This year she represented the ASB as their Treasurer.

I have had the pleasure of having Olivia in my math class for one year in high school. Just like everything else she does, she always worked hard. She is an extremely intelligent young lady.

Olivia has the skills that every prospective college or employer would look for in a person – 100% effort, commitment, dependable, likeable, respected by her peers, and always willing to learn and improve. Olivia is friendly and gets along well with all of the students and her teachers. She has represented South Bend High School with pride. I believe she will be able to accomplish anything she sets her mind to in life. It is with complete confidence that I recommend Olivia for your scholarship.

Sincerely,

Jackie Sanchez
